

Zoom In Online Announces Adobe Lightroom 2 Sweepstakes

NEW YORK, NY--(Marketwire - January 12, 2010) - Leading creative software manufacturer Adobe, in association with Zoom In Online, will give away 100 free copies of its **photography software** Lightroom 2 over the next two months (Retail Value \$199).

To enter for a chance to win one of 100 free copies of Lightroom 2, visit Zoom In Online's '**Photography Channel**.'

Adobe Photoshop Lightroom 2 is a user-friendly digital photography organization and editorial tool used by professional and amateur photographers worldwide. Lightroom 2 boasts superior methods for the import, organization, and management of your photos, and advanced capabilities for processing, editing, and showcasing your images. Lightroom 2's smooth workflow allows you to take an image from import to presentation all in one program, giving you more time to be in the field or in the studio.

Top Lightroom 2 features include:

- Local adjustment brush
- Enhanced organizational tools
- Volume management
- Extensible architecture
- Multiple monitor support
- Flexible print package functionality
- Streamlined Photoshop CS4 integration
- Enhanced output sharpening
- 64-bit support for Windows® and Mac OS
